Art.Nr.	Product	Content
E100105	CERAMIC MASTER PRESS PACK	200 ml

TECHNICAL SPECS

Color:	White
Composition:	Pharmaceutical oil, inorganic binder, ceramic materials and adhesives.
NLGI-Grade:	1-2
Relative density:	ca. 1
Temperature range:	-20°C to +150°C, solid lubricant to max. +1700°C
Flash point:	Base oil (ASTM D92) 156°C
Drop point:	> 260°C
Contains no chlorinated substances.	

Instructions for use

Before use, mount the brush on the holder. Unscrew the cover and slide the protective cover backwards so that the brush is released. Apply the product and spread it with the easy brush on a preferably clean and dry surface. Slide the protective cover over the brush and screw the cover back on after using the product. Do not mix with other greases. Read the technical and safety specifications.
